**USE OF ICT TOOLS AND ONLINE TEACHING &  
LEARNING**

## USE OF ICT FACILITIES & CONTENT GENERATION

Teaching staff utilize the ICT facilities available on campus – namely, digital classrooms, virtual classrooms, projectors etc. They use ppts to deliver content effectively.

Some of the faculty are involved in LMS content generation.

Some of the faculty developing e-content on youtube.

During the difficult times of COVID-19, the college staff took initiative to transact curriculum online. The Commissionerate of Collegiate Education, AP, Mangalagiri conducted a series of online training programs and FDPs to empower the faculty in using the digital tools and online platforms of teaching-learning. Utilizing these tools, our teaching faculty also conducted online classes as part of the 'Bharat Padhe Online' Programme to safeguard the academic interests. Following are the list of classes of our faculty, hosted on the website of the Commissionerate of Collegiate Education.

## **Accounting Made Easy by Alahari Baburao YouTube Channel**

YouTube can be used by the students as a platform for learning. Students in various locations can make use of YouTube lessons. Videos on specific topics help students choose the best suited topics quickly. For certain problems, videos in YouTube are equipped with step-by-step instructions which makes them easily understandable.

Since the platform is available 24x7, students can refer to the video lectures at their convenience. This is especially useful during the times of a pandemic like Covid19 where social distancing must be maintained. In the same way, teachers don't need to be confined in a specific location for uploading a video. This makes YouTube an ideal tool for distance learning. YouTube lessons help students during exams as quick reference. As this is entirely a free platform, it does not involve any kind of subscription fee or payment in it. Therefore, students can use this opportunity for studies without needing to worry about the expenses.

As a continuous endeavour to better engage our student community, I have created a YouTube channel "Accounting Made Easy by Alahari Baburao" [URL: <https://youtube.com/@accountingmadeeasybyalahar3727> ] and posted 573 videos on various concepts of Accounting as on this date. With over 7315 subscribers and nearing 5 lakh views, numerous students are getting benefited directly and the videos are gathering positive response and garnering many gratitude messages in the comments section.

Many times, students from far away locations ask questions and send topics asking for lectures and guidance and the same are being accommodated in my channel.

Students on Earn while Learn program, distance education students, physically challenged, students from rural regions are vastly benefitted through these lectures online. Also, students from other language backgrounds and from a few foreign countries are making use of these lectures using YouTube subtitles or captions.

Furnished below are two of the most popular video lectures from my channel with 47K and 39K views respectively,
